

POOL BUILDERS SEMINAR

WEDNESDAY, FEB. 2 & 9, 2022 • 8:30 AM - 10 AM
JOHNS CREEK CITY HALL, 11360 LAKEFIELD DRIVE

The Johns Creek Community Development Department seeks to educate pool contractors/builders on the current policies, procedures and expectations as it relates to pool construction in the city.

Pool contractors/builders can achieve a better understanding of zoning regulations, site design and engineering, permit plan submission and inspections.

The seminar will include:

Planning & Zoning

- Setback Requirements
- Buffer Regulations
- Arborist Review

Land Development & Site Engineering

- Design Requirements
- Runoff Reduction Requirements
- Best Management Practices

Building Permit Submission Process

- Plan requirements
- Building and Pool Codes
- Inspections

Question & Answer Session

The information presented in this seminar is subject to change with new Code adoptions, Changes in City ordinances and zoning, and changes in the office policy as it relates to current construction trends.
